1. Installing Nintex Mobile from the Windows Store

Nintex Mobile is available on the Windows Store for immediate download. The Windows Store is available to users running Windows 8 or superior, or Windows RT.

To access the Windows Store from your Windows device:

1. Open the following URL, this will direct you straight to the App in the store.

   http://apps.microsoft.com/windows/app/nintex-mobile/61fbb9e9-06a9-4446-ae90-401bce0cdca4
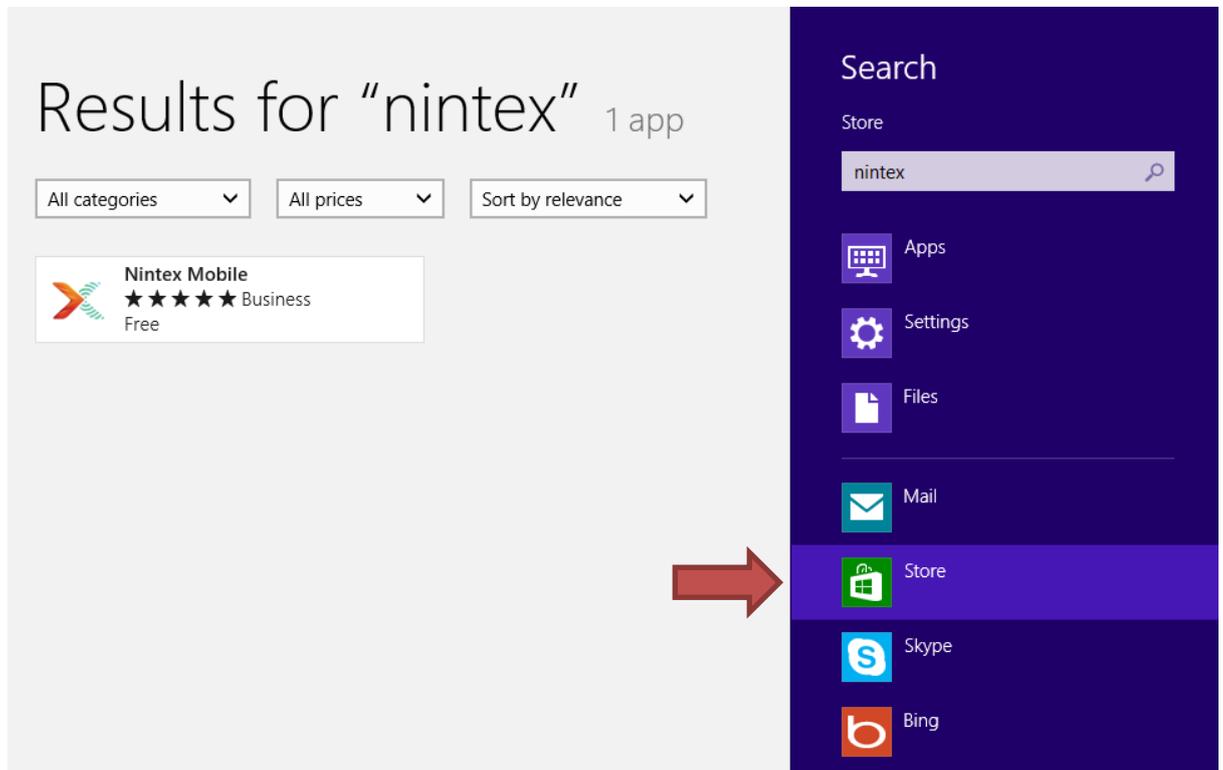

2. Click on the "View in Windows Store" button.

The Nintex Mobile page in a web browser.

Alternatively, you can search for "Nintex" in the Windows 8 Search pane.

To access the Search pane:

1. Click the "Windows + F key" combination on your Windows device, or activate the Charms bar, and select "Search" on a touch screen.
2. In the Search options, click "Store".

Results for "Nintex" in the Search pane in Windows 8.

3. The Nintex Mobile app page will display within the Windows Store. Click "Install" to complete the installation of the app on your Windows device.

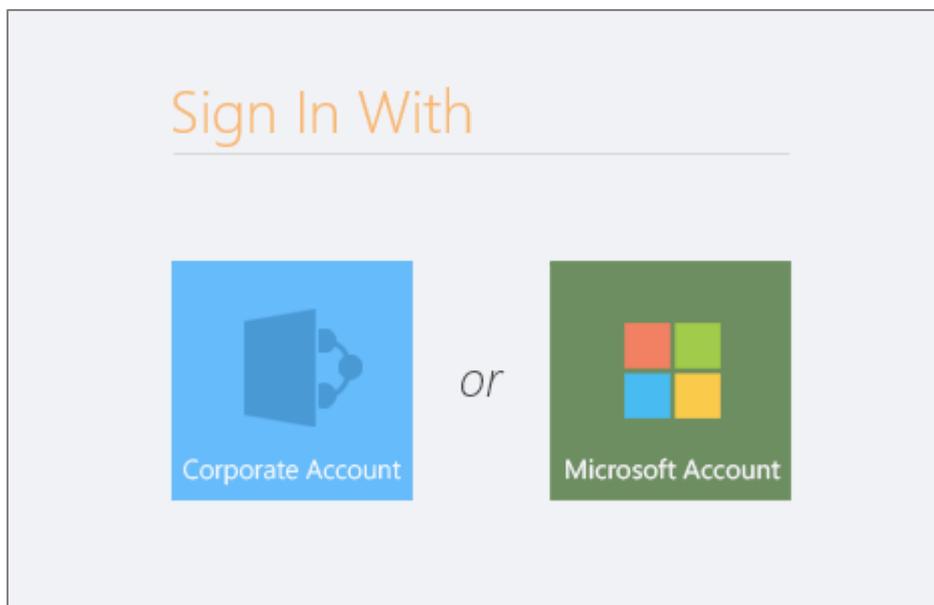

The Nintex Mobile page in the Windows Store.

4. Once installed, Nintex Mobile will be available on your Start page.
5. Locate the Nintex Mobile icon and click/tap to launch Nintex Mobile.

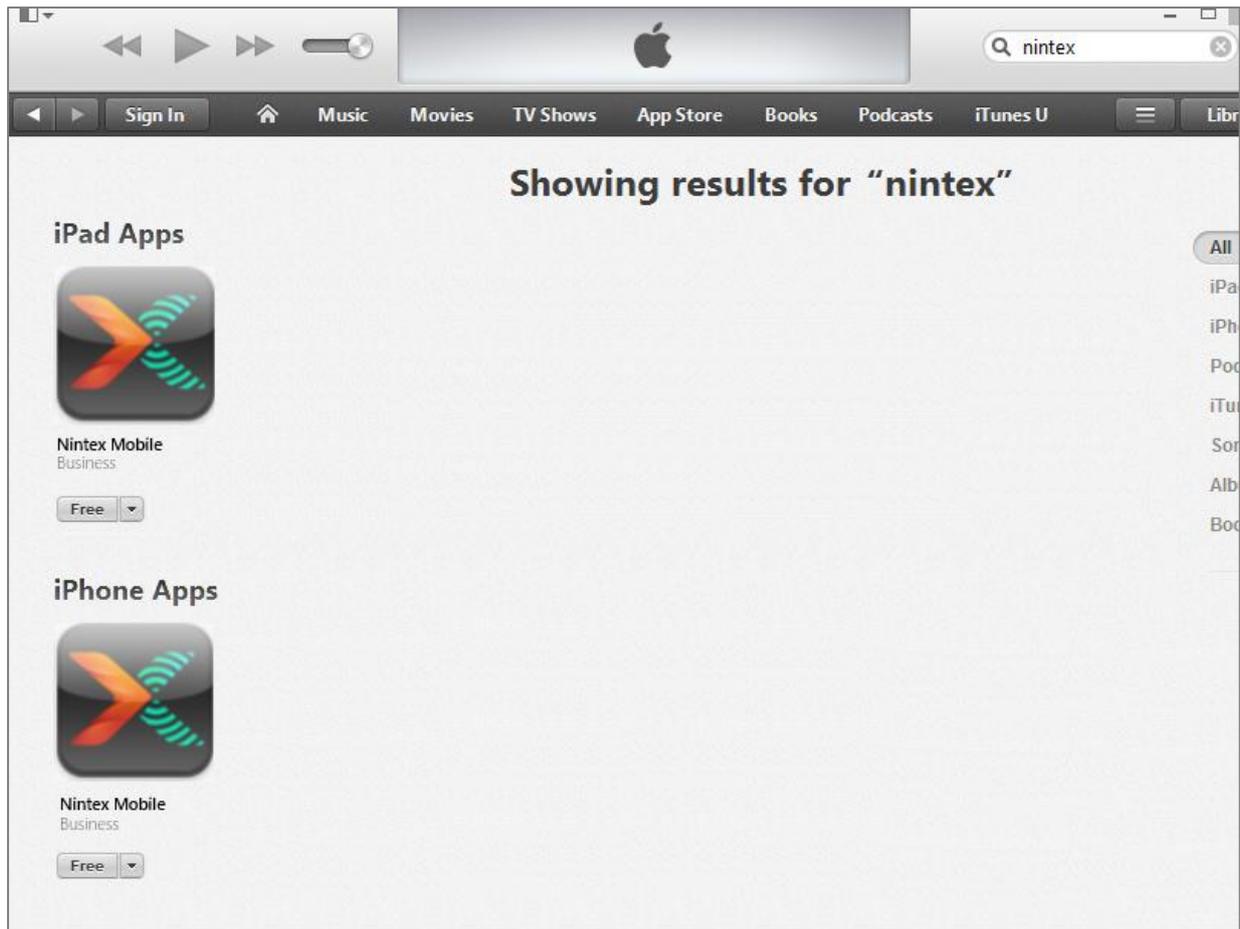

6. The first time you open Nintex Mobile you will be prompted to sign in with either your Corporate Account or Microsoft Account. Additional information on which account to choose are available on www.nintex.com/mobile/help/signin web site.
